You **MUST** enter a valid email address and you **MUST** be able to check that address for new messages to receive the password to log in. Additionally we recommend you whitelist @submitmyabstract.com email addresses in your spam filter to prevent the message from being blocked. Passwords are automatically generated and emailed to verify the email address. This step is necessary because we will be conducting communications almost entirely by email. After submitting the above form, you should receive the password by email within 5 minutes. If no email is received after 10 minutes, please contact the [NASBS Office](#) for assistance.

Part 3 – Logging In

By now, you have created an account using the form from [Part 2](#) and you have received your password by email to the address you provided. The randomly generated password will look something like this: **6TZldrK3S2**

Follow the link in the email to go back to the abstract site login screen and enter the User ID you created into the User ID box (see below). The passwords **ARE CASE SENSITIVE**, so you must enter capital and lowercase letters exactly as shown in the email. ***We suggest that you copy and paste the password from the email into the login box.*** Once you have entered your User ID and password, click the **Submit** button to log in.

If you cannot remember your password, please click the correct link on the screen and go to [Part 3a – Resetting a Password](#)

Because this is your first time logged in, you have no abstracts in the system.

To begin submitting a new abstract, click the “**New Abstract**” link at the top of the page ([go to Part 5](#)).

This screenshot is identical to the previous one, but a red arrow points to the "New Abstract" link in the top navigation bar.

In accordance with ACCME regulations, the accredited provider for this activity, must ensure that anyone who is in a position to control the content of the education activity has disclosed to us all relevant financial relationships with any commercial interest (see below for definitions) as it pertains to the content of the presentation. Should it be determined that a conflict of interest exists as a result of a financial relationship you may have, you will be contacted and methods to resolve the conflict will be discussed with you. In addition, all affirmative disclosures must be revealed by a slide at the beginning of the presentation. Failure or refusal to disclose or the inability to resolve the identified conflict will result in the withdrawal of the invitation to participate.

Glossary of Terms:

Commercial Interest - A commercial interest is any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients. The ACCME does not consider providers of clinical service directly to patients to be commercial interests.

Financial Relationships - Financial relationships are those relationships in which the individual benefits by receiving a salary, royalty, intellectual property rights, consulting fee, honoraria, ownership interest (e.g., stocks, stock options or other ownership interest, excluding diversified mutual funds), or other financial benefit. Financial benefits are usually associated with roles such as employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership, and other activities from which remuneration is received, or expected. ACCME considers relationships of the person involved in the CME activity to include financial relationships of a spouse or partner.

Relevant Financial Relationships - The ACCME focuses on financial relationships with commercial interests in the 12-month period preceding the time that the individual is being asked to assume a role controlling content of the CME activity. ACCME has not set a minimal dollar amount for relationships to be significant. Inherent in any amount is the incentive to maintain or increase the value of the relationship. The ACCME defines "relevant" financial relationships" as financial relationships in any amount occurring within the past 12 months that create a conflict of interest.

Conflict of Interest - Circumstances create a conflict of interest when an individual has an opportunity to affect CME content about products or services of a commercial interest with which he/she has a financial relationship.

Enter the abstract title in the first field on this screen. The title is limited to 254 characters.

NASBS, adhering to the policies of the ACCME, must insure balance, independence, objectivity, and scientific rigor in all its educational activities. All Potential Speakers participating in a sponsored activity are expected to disclose any significant financial interest or other relationship (1) with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services discussed in an educational presentation and (2) with any commercial supporters of the activity. (Significant financial interest or other relationship can include such things as grants or research support, employee, consultant, major stockholder, member of speaker's bureau etc.)

The intent of this disclosure is not to prevent a speaker with a significant financial or other relationship from making a presentation, but rather to provide listeners with information on which they can make their own judgments. It remains for the audience to determine whether the speaker's interest or relationships may influence the presentation with regard to exposition or conclusion.

It is at this point where you must disclose any and all relevant financial relationships with commercial interests. If there is nothing to disclose, select **No**; you will be taken back to the previous page where you may add more authors. If there is anything to disclose, select **Yes**; you will be taken to another page to enter your disclosure(s) and conflict of interest management strategy.
