

Thank you for your interest in submitting an abstract for the upcoming Scientific Session. This document is intended to be your guide in using the online submission software and we strongly suggest you print this out for future reference. If you have any questions regarding the abstract process or the use of the submission site, please call 310-424-3326 and ask to speak to Dan Berlant (x118) or Jason Levine (x100). You may also email abstracts@nasbs.org with your questions and comments.

The abstract submission system includes the following features:

User Accounts:

All users must register to use the system. All abstracts submitted by an account can be viewed and managed from the account. Abstracts may be edited or deleted without having to contact the NASBS office.

Save for Later:

If you need to leave before finishing a submission, simply logout and log back in later. Your abstract will be saved at the last point you saved data.

Improved Support for Special Characters, Images, and Table:

Most of the standard ASCII character set can be copied from your word processor and into the abstract text. Abstracts may now contain formatting, multiple images and tables, and improved scientific character recognition.

IMPORTANT DATE:

**THE SUBMISSION DEADLINE FOR
ALL ABSTRACTS AND VIDEOS IS

5:00 PM (Eastern Daylight Time)

This year, in addition to written abstracts, NASBS will also welcome the submission of surgical videos through the abstract process. Both, open and endoscopic, approach videos will be considered. Videos will be reviewed for quality of the video, narration (must be in English), content, teaching value and overall interest to our audience. The video must be structured with a brief narrated slide show (no more than 3 slides) of the relevant clinical information, preoperative clinical imaging, a step-by-step narrated surgical video with the most important technical aspects of the case and post-operative imaging if relevant. The total length of the video should be no more than 6 minutes.

There is a 500-word limit and four (4)-image limit for written abstracts and a 75-word limit for video abstracts. No reference to the authors or the institution should appear within the body of the abstract or in the abstract title.

- **No Dual Submissions:** The abstract/video must not have been submitted to any other upcoming meetings.
- **No Previously Presented Data:** All abstracts/videos must be new and original content OR include at least 50% new data if previously presented at a meeting.
- There is no link to the number of abstracts/videos you may submit, but **you may not submit a video abstract and a written abstract on the same abstract/data set.** You must select either a written abstract submission or a video abstract submission.
- Abstracts/videos can be edited until the submission site closes. After the submission site closes and the abstracts/videos go into review, the content of the abstracts/videos may not be edited in any way. **Please make sure to proof read and double check your abstracts/videos before submission.** In addition, NASBS cannot update the content/text of your abstract/video to include new/updated data after acceptance notifications, although you will be allowed to include these updated findings in your actual presentation.

You must create a new account for 2023/2024 (you may use the previous username and password).** The link to create an account is found just below the login box.

Part 1a – Technical Requirements

We have tested the software with multiple browsers and operating systems. Please use one of the following to access the abstract submission system.

Browsers:

Windows:

MS Internet Explorer 9 or newer

Current versions of:

- Firefox
- Chrome

Macintosh:

Current versions of:

- Safari
- Firefox
- Chrome

Mobile Devices:

We do not currently support mobile browsers

Screen Resolution:

We recommend setting your screen resolution to **AT LEAST** 800x600 pixels. Users with a screen resolution of 640x480 pixels will have a hard time navigating the site. What you see will vary depending on your computer and browser settings.

Part 2 – Creating a New Account

You must create an account before you can submit abstracts for this meeting. Each user account can submit an unlimited number of abstracts. If your institution is planning on submitting multiple abstracts, it may be to your benefit to coordinate all submissions under one account for easier management. Once you have clicked on the link to create a new account (from [Part 1](#)), you will see the following screen:

The screenshot shows a web form titled "Register User" with a black header. Below the header is a section titled "Contact Name" with a black sub-header "Details". The form contains the following fields:

- *First Name: MI:
- *Last Name:
- *Title: BA (highest degree) [dropdown menu]
- *Email:
- *Confirm Email:
- *User ID:

A "Save" button is located at the bottom right of the form.

Please fill out this form completely, as all fields (except Middle Initial) are required. This is the main Contact Name for the entire account. Individual abstracts can have a different contact name if desired.

You **MUST** enter a valid email address and you **MUST** be able to check that address for new messages to receive the password to log in. Additionally we recommend you whitelist @submitmyabstract.com email addresses in your spam filter to prevent the message from being blocked. Passwords are automatically generated and emailed to verify the email address. This step is necessary because we will be conducting communications almost entirely by email. After submitting the above form, you should receive the password by email within 5 minutes. If no email is received after 10 minutes, please contact the [NASBS Office](#) for assistance.

Part 3 – Logging In

By now, you have created an account using the form from [Part 2](#) and you have received your password by email to the address you provided. The randomly generated password will look something like this:

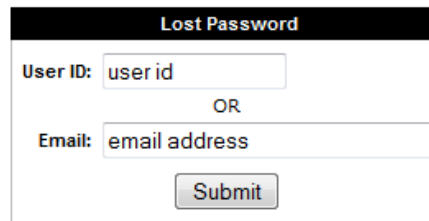

6TZldrK3S2

Follow the link in the email to go back to the abstract site login screen and enter the User ID you created into the User ID box (see below). The passwords **ARE CASE SENSITIVE**, so you must enter capital and lowercase letters exactly as shown in the email. ***We suggest that you copy and paste the password from the email into the login box.*** Once you have entered your User ID and password, click the **Submit** button to log in.

Part3a – Resetting a Forgotten Password

Upon clicking the “**Forgot your password? Click here**” link on the login screen, you will be taken to the password reset screen:

In accordance with ACCME regulations, the accredited provider for this activity must ensure that anyone who is in a position to control the content of the education activity has disclosed to us ALL financial relationships with any ineligible company (formerly "commercial interest" - see below for definitions). Should it be determined that a conflict of interest exists as a result of a financial relationship you may have, you will be contacted and methods to mitigate the conflict will be discussed with you. In addition, all affirmative disclosures must be revealed by a slide at the beginning of the presentation or note that you have nothing to disclose. Failure or refusal to disclose or the inability to resolve the identified conflict will result in the withdrawal of the invitation to participate.

Ineligible companies (formerly commercial interests) are those whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients.

Examples of such organizations include:

- Device manufacturers or distributors
- Pharmaceutical companies or distributors
- Bio-medical startups that have begun a governmental regulatory approval process
- Growers, distributors, manufacturers or sellers of medical foods and dietary supplements
- Manufacturers of health-related wearable products

The ACCME does not consider providers of clinical service directly to patients to be ineligible companies. (<https://www.accme.org/accreditation-rules/standards-for-integrity-independence-accredited-ce/eligibility>)

Length of Financial Relationships: The ACCME requires disclosure of financial relationships with ineligible companies in the 24-month period preceding the time that the individual is being asked to assume a role controlling content of the CME activity. You do not need to disclose your spouse/partner's relationships.

What to Disclose: ACCME requires that individuals disclose ALL financial relationships with ineligible companies.

NASBS, adhering to the policies of the ACCME, must insure balance, independence, objectivity, and scientific rigor in all its educational activities. The ACCME states "the owners and employees of ineligible companies are considered to have unresolvable financial relationships and must be excluded from participating as planners or faculty, and must not be allowed to influence or control any aspect of the planning, delivery, or evaluation of accredited continuing education, except in the limited circumstances outlined in [Standard 3.2](#)." Therefore, the NASBS Conflict of Interest Committee (CIC) declares that no employees/owners of an ineligible company may present in NASBS CME accredited sessions. This policy is applicable to abstract authors and presenters.

Click [here](#) to view the ACCME's definition of ineligible company, owner and employee.

Please contact: carrie@nasbs.org or paula@nasbs.org with any questions regarding NASBS Policy on Owner/Employee of Ineligible Companies.

It is at this point where you must disclose any and all relevant financial relationships with Ineligible Companies. If there is nothing to disclose, select **No**; you be taken back to the previous page where you may add more authors. If there is anything to disclose, select **Yes**; you will be taken to another page to enter your disclosure(s) and conflict of interest management strategy.
